WHY ARE OUR COURSES COOL?

WHO TEACHES THE COURSES?

The classes are taught by a native speaker and a qualified teacher only in English, which allows for immersing students in a natural English-speaking environment.

OUR METHOD

The classes are designed with our DNA OF LEARNING ENGLISH method, which combines natural acquisition of English with a teaching programme focused on exam techniques. A modern blend of those areas supports students in their balanced development of language skills according to the Common European Framework of Reference for Languages.
